Certification of Compliance of Designed Security, Inc. Products to the Buy American Act

Designed Security, Inc. (DSI) designs, manufactures and assembles virtually all of our end products and assemblies in our manufacturing plant in Bastrop, Texas, USA. We source some of the components and sub-assemblies that are used in our end products and assemblies with vendors throughout the USA.

The following DSI end products comply with the Buy American Act because they are all manufactured, assembled and/or significantly transformed at our facility in Texas:

- Optical Turnstiles
 - ES831 series Barrier Arm Optical Turnstiles
 - ES880 series Glass Barrier Optical Turnstiles
 - ES811 series Non-Barrier Optical Turnstiles
 - ES860 series Non-Barrier Optical Turnstiles
 - ES8500 series Non-Barrier Optical Turnstiles
- Tailgate Detection Products
 - ES5200 series
- Door Management Products
 - ES411 series
 - ES4200 series
 - ES4300 series
 - ES4600 series
- Door Control Products
 - ES440 series Pushbutton Controls
 - ES450 series Key Switch Controls
- Annunciator Products
 - ES600 series
 - ES750 series

The following DSI products comply with the Buy American Act because they are designed and assembled by an OEM manufacturer for DSI in Detroit Michigan:

- Full Height Mechanical Turnstiles

Thank You for your interest in Designed Security, Inc. products.
